

MEDIUM TACTICAL VEHICLES

THIS IS OSHKOSH DEFENSE.

At Oshkosh Defense, we stand behind those who dedicate their lives to protecting others. Every day we strive to meet or exceed our customers' ever-changing needs with next generation defense technologies and advanced systems. We operate with unparalleled commitment to those who depend on our products and services worldwide to perform their missions.

MEDIUM TACTICAL VEHICLES

Supporting forces with technologically advanced, medium-duty solutions.

Oshkosh Defense® medium tactical vehicles support full-spectrum operations with the power, versatility, mobility and performance military personnel can rely on. For general resupply, ammunition resupply, maintenance and recovery, engineer support, troop transport, weapon systems platforms and combat support in tactical environments, Oshkosh medium tactical vehicles offer the reliability, operational readiness and performance characteristics needed to take on any challenge. In any environment. Under any circumstance.

We've applied our defense expertise and innovative thinking to engineer medium tactical vehicles with highly advanced technologies for maximum mobility and survivability. And we back them with full life-cycle aftermarket training and support, so Oshkosh medium tactical vehicles are always ready to serve in any capacity. Any mission. Every mission.

MTVR | MEDIUM TACTICAL VEHICLE REPLACEMENT

Built to go over the roughest terrain, the Medium Tactical Vehicle Replacement (MTVR) is a high-performance, extremely durable, all-terrain vehicle. It easily carries 15 tons (13608 kg) over the highway and up to 7 tons (6350 kg) off-road. And with advanced technologies like the TAK-4® independent suspension system and the Command Zone™ integrated control and diagnostics system, the MTVR has the brawn and the brains to take on any mission, any time.
