

HEAVY TACTICAL VEHICLES

THIS IS OSHKOSH DEFENSE.

At Oshkosh Defense, we stand behind those who dedicate their lives to protecting others. Every day we strive to meet or exceed our customers' ever-changing needs with next generation defense technologies and advanced systems. We operate with unparalleled commitment to those who depend on our products and services worldwide to perform their missions.

HEAVY TACTICAL VEHICLES

Supporting forces with forward-thinking, heavy-duty solutions.

In today's ever-evolving battlefield, the need for heavy tactical vehicles to keep pace – with the terrain, the environments, the threats, the demands and the troops – is critical to mission success. At Oshkosh Defense, we never stop thinking, innovating or applying our defense expertise to assure those out in the field get the support they need from the vehicles they rely on. With every heavy tactical vehicle we manufacture, we transform the face of mission-critical equipment transportation and combat support for the men and women who serve.

We engineer highly advanced technologies and world-class products – heavy tactical vehicles that are durable, reliable, versatile and proven. Then, we support them with robust technology integration, training and aftermarket services. Oshkosh® heavy tactical vehicles perform. Each time. Every time. All the time.

HEMTT | HEAVY EXPANDED MOBILITY TACTICAL TRUCK

Whatever equipment, fuel or supplies forward units need, the HEMTT will get them there with the payload capacity, power, versatility and mobility to traverse any type of terrain. The HEMTT A3 is also capable of delivering up to 100 kW of exportable military-grade power, enough to run an entire airstrip or field hospital.

Variants

M1120A4 LHS (Load Handling System)

M977A4 Cargo Truck

M978A4 Fuel Servicing Truck (Tanker)

M983A4 LET (Light Equipment Transporter)

M983A4 Patriot Tractor

M984A4 Recovery Truck (Wrecker)

M985A4 Cargo Truck - MLRS Resupply
(Expanded Payload Capacity)

M985A4 GMT (Guided Missile Transporter)

HEMTT A3 Diesel-Electric

LVSr | LOGISTICS VEHICLE SYSTEM REPLACEMENT

A 22.5-ton on-road/13.5-ton off-road payload and a 600 horsepower diesel engine allows the LVSr to haul anything the mission needs. One of the world's most technologically-advanced logistics platforms, it incorporates the Command Zone™ integrated control and diagnostics system for efficient monitoring of critical components, as well as integrates factory-installed armor right into the design for enhanced safety.

Variants

MKR18 Cargo

MKR16 Tractor

MKR15 Wrecker

PLS | PALLETIZED LOAD SYSTEM

The PLS is built to carry ammunition and other critical supplies. It is the backbone of the re-supply and distribution system, providing unparalleled efficiency and performance for loading, unloading and delivering materials. It not only carries a wide range of cargo, but is specially designed to load and unload that cargo all on its own.

Variants

M1074A1

M1075A1

M1076 Trailer

Flatrack-Mounted Armored Troop Carrier

Container Handling Unit

Heavy Army Recovery Vehicle

Dump Body M6

Concrete Mobile Mixer M5

Fuel Farm

Water Distributor

Bituminous Distributor M4

HET | HEAVY EQUIPMENT TRANSPORTER

The HET is specially designed to transport mission-critical equipment such as tanks, armored vehicles, recovery vehicles and construction equipment. Its 700 horsepower engine provides maximum speed and grade-climbing performance, and helps equipment and crews arrive in mission-ready condition.

Variants

HET A1

Global HET

WHEELED TANKER

Advanced technologies incorporated into the MTRV tractor design assure the mobility and reliability to take wheeled tankers to even the most remote locations. With TAK-4® independent suspension, central tire inflation, all-wheel drive and rear steer, the MTRV and wheeled tanker combination greatly enhances the flexibility of deployed forces.

Variants

20000 L (5,280 gal.) Close Support Tanker (CST)

18000 L (4,755 gal.) Close Support Tanker For Water (CSTW)

15000 L (3,960 gal.) Tactical Aircraft Refueller (TAR)

Transporting mission-critical equipment and supplies – in any kind of environment, over any type of terrain – with rugged, reliable, powerful performance. Oshkosh Defense® heavy tactical vehicles.
