

MATTHEW SCHREINER

**VICE PRESIDENT – PROGRAM MANAGEMENT,
OSHKOSH DEFENSE**

Matt Schreiner serves as the vice president of Delivery Vehicles for Oshkosh Defense, a position he was appointed in May 2023. He is responsible for the advanced operations of the delivery vehicle market.

Schreiner joined Oshkosh Corporation in 2005 in the Corporate Components (now Mobility Systems) group as a design engineer. At the start of FMTV A1P2 production in 2010, he transferred to Test & Development before being named the JLTV test lead for the Engineering, Design, and Manufacturing (EMD) phase of the program. Schreiner has held several different roles throughout his career including JLTV Product Launch Manager (2015), Sr. Chief Engineer of Advanced Operations (2018), Director of Programs - Snow Removal business unit (2020), and Director of Programs - JLTV Program (2021).

Schreiner holds a bachelor's degree in mechanical engineering from the University of Wisconsin – Platteville and a master's degree in business administration from Cardinal Stritch University.

Oshkosh Defense is a global leader in the design, production and sustainment of best-in-class military vehicles and mobility systems. As a pioneer of combat-ready vehicle solutions, Oshkosh develops and applies emerging technologies that advance troop safety and mission success. Setting the industry standard for sustaining fleet readiness, Oshkosh ensures every solution is support worldwide throughout its entire life cycle.
