

CATHERINE LINSMEIER

VICE PRESIDENT – ENGINEERING,
OSHKOSH DEFENSE

Catherine Linsmeier serves as the vice president of engineering for Oshkosh Defense. She is responsible for all aspects of engineering, from concept generation through production support and sustainment, for all Oshkosh Defense products.

Linsmeier began her career with Oshkosh in 2000. She most recently served as the director of specialty engineering at Oshkosh Defense.

Linsmeier holds a bachelor's degree in electrical and electronics engineering from Michigan Technological University and a Master of Science in Engineering Management (MSEM) from the Milwaukee School of Engineering.

OSHKOSH™
DEFENSE

Oshkosh Defense is a global leader in the design, production and sustainment of best-in-class military vehicles and mobility systems. As a pioneer of combat-ready vehicle solutions, Oshkosh develops and applies emerging technologies that advance troop safety and mission success. Setting the industry standard for sustaining fleet readiness, Oshkosh ensures every solution is support worldwide throughout its entire life cycle.
